Hong Kong, 4 March 2020 - 3 Hong Kong, the mobile arm of Hutchison Telecommunications Hong Kong Holdings Limited (HTHKH; stock code: 215) today announced launch of the long expected 5G services on 1 April and unveiled 5G standard tariff plans. This heralds a cross-boundary and cross-industry new 5G era described as "5G One World".

A cross-boundary and cross-industry "5G One World"

From the provision of analogue mobile telecoms services to the 4.5G era, 3 Hong Kong has been offering customers quality mobile services. The mobile operator will launch 5G services as soon as the assignment of related 5G spectrum takes effect on 1 April. Indoor coverage will initially cover the Hong Kong Convention and Exhibition Centre, Grade A shopping malls of Hongkong Land (Landmark Atrium, One and Two Exchange Square, Chater House, Alexandra House and Prince's Building), key shopping malls of CK Asset, Hong Kong International Airport and designated 3Shops. 5G outdoor coverage starts from the CBD and both indoor and outdoor coverage will gradually be extended to other areas in Hong Kong.

HTHKH Executive Director and CEO Kenny Koo said: "The 3Group has acquired over 480 MHz of golden 5G mid-band spectrum# in the 3.4-3.9 GHz spectrum bands in the UK, Italy, Austria, Ireland and Austria. 3UK and 3 Austria launched 5G services last year. Leveraging our close ties with the 3Group and collaborative efforts with global partners, 3 Hong Kong enjoys rich experience of cross-boundary network deployment and an edge on procurement with

global device manufacturers. We are committed to opening up 5G business opportunities for different sectors and building B2B strengths riding on our advanced network infrastructure."

He added: "We also aim to create different application scenarios for various sectors in order to speed up smart city development and the industry's digital transformation. A 5G summit tailored for corporate customers, engaging talents from different industries, will soon be organised to build application ecosystems for various sectors, opening up a '5G One World'."

5G standard tariff plans start from \$388 with data price averaging \$3.9 per GB

3 Hong Kong is first to unveil 5G standard tariff plans to tie in with launch of 5G services. For a monthly fee starting \$388, customers can enjoy a minimum data entitlement of 100GB. The tariff plans offer more data entitlement than 4G plans with lower average price of data, enabling customers to download 4K/8K super HD videos, innovative applications like AR/VR games and low latency video learning on a network characterised by high speed, wide coverage and high responsiveness. More details on service contents and value-added services will be unveiled soon.
